## HUGE DAM BREAKS, FLOODS SWEEP DOWN.

Towns Under Water and Big Rivers Are Threatening Many Others.

Torrent Fifty Feet High Pours Into Feather River, Carrying Away Houses and Bridges—Men Are Marooned Trying to Save Structures—Conditions on the Sacramento Were Growing Worse Last Night.

[BY DIRECT WIRE TO THE TIMES.]  
MICHIGAN, Jan. 15.—[Exclusive Dispatch.] Under the pressure of the flood waters which it had gathered and which were added to its normal capacity of 1,200,000 gallons, the Philbrook reservoir, located eighteen miles from Sterling City, in this county, broke through the huge restraining dam, which held its waters, and rushing in an angry torrent down the channel of Philbrook Creek, a distance of six miles, into the narrow bed of the west branch of the Feather River, swept everything before it. Giant boulders that had been the marvel of the gorge for years, weighing many tons, were lifted from their resting place of centuries and hurled like pebbles against every obstruction that had been built to harness the stream for water power. The Retzner bridge, the Retzner house, which stood high upon the banks of the river, and the Meocine dam, thirty miles from where the flood had its origin, were all washed out in the flood. Many smaller bridges were washed away.

NINE MEN MAROONED.  
Near Sterling City, nine men are marooned upon the north side of the river without food. While they were attempting to get the drift from a bridge the structure was washed away, leaving them with no means to return.

The Western Pacific camp near the Plumas county line, in which there are approximately 1000 men, are cut off from the outside world, all of the bridges being washed away. The Reddiana dredger, valued at \$15,000, turned turtle at noon today. It is a complete loss.

Part of the Northern Electric bridge at Oroville is gone, also the Hazel Bush trestle. All trains are canceled, and it will be weeks before the road can be placed in operation again.

The Sacramento River at this point is rapidly rising, and the high water mark of 1907 will soon be passed. At Biggs, twenty-five miles south

## PROHIBITION FIGHT IN TEXAS.

Bills for and Against Monopolize the Legislature in Both Houses.  
[BY DIRECT WIRE TO THE TIMES.]  
AUSTIN (Tex.), Jan. 15.—[Exclusive Dispatch.] Prohibition bills monopolized the Legislature today in both the Senate and House. Majority reports for and minority reports against submitting State wide prohibition to the voters, were introduced.

The minority reports developed for the first time evidence of a strong anti-submission fight, despite the claim that the brewers had paid negro poll taxes and, after polling the State, agreed to submission.

Fifty-three members of the House, representing anti-prohibition districts, could defeat submission by violating the State Democratic platform pledge on which they were elected.

Many saloon regulation bills were introduced today and one for a home for drunkards. The State administration bank deposit guarantee bill was introduced.

## PRINCE CHING MUST EXPLAIN.

AMERICAN AND BRITISH JOIN IN DEMANDS.  
Regent of China Asked to Give Reasons for Dismissal of Yuan Shai Kai—Other Ministers Too Divided in Opinion to Take Action in Case.  
[ASSOCIATED PRESS NIGHT REPORT.]  
PEKING, Jan. 15.—W. W. Rockhill, the American Minister, and Sir J. N. Jordan, the British Minister, today called upon Prince Ching, president of the foreign board, and made representations on the subject of the recent dismissal from office of Yuan Shai Kai, member of the Grand Council.

This step was taken independently of the other diplomatic representatives in Peking, and without previous communication of this intention to the foreign board.

The Ministers proceeded in accordance with the recommendations made to them by their respective governments. The diplomats here are so divided upon the question of approaching China regarding the dismissal of Yuan Shai Kai that the American and British Ministers had to act alone.

They disclaim any intervention, but it is thought they objected to the dismissal.

The government desires to hold a formal reception of the diplomatic corps at which the regime of Prince Chun will be recognized, and its wish is thus partly to the recognition of Yuan Shai Kai's dismissal, as well as local press comment.

The diplomats, however, are deliberating the suggestion, and it is not likely that the British and American Ministers will accept their acceptance before the dismissal of Yuan Shai Kai, together with assurances for the future.

## HAS MIGHTY POOR OPINION OF IMPERFECT MAN.

Mrs. Clarence H. Mackay, New York society leader, who yesterday told suffragettes that women, the moral half of human race, should have equal rights.

## POOR MAN BRANDED IMPERFECT CREATURE.

[BY DIRECT WIRE TO THE TIMES.]  
NEW YORK, Jan. 15.—[Exclusive Dispatch.] Woman suffragettes attended a luncheon at the Hotel Ansonia this afternoon and heard Mrs. Clarence H. Mackay deliver an address in support of the cause and indirectly answering the opinion of President Roosevelt that motherhood, not the political field, is the proper sphere for women.

"Government among men," said Mrs. Mackay, "is in its infancy and has developed slowly through a period in which men have allowed morality, decency and altruism to share in the administration of affairs."

One of the most conspicuous omissions to solidify the foundation of national government, according to her views, has been the persistent reluctance on the part of the men to keep the good moral element in the race, namely women, from having any part in the events of the world.

"Women," said Mrs. Mackay, "demand that the real step be taken, that morality itself, the moral, the ethical half of the human race, be admitted to the government on equal terms. Let men, by their individual achievement develop the commercial instinct and its utmost selfishness. Let them make the United States the market of the world, for the mothers have entered into the struggle for intellectual growth quietly, unobtrusively from their firesides."

"By bringing the mothers' vote into our political life we will enlist a progressive force full of promise for the future of the State. The mother will consider far more even than the father what sort of a man shall be put in office to make and enforce the laws under which her sons and daughters shall live."

Mrs. Mackay said that equal suffrage is demanded, not so much for the sake of the women as for the sake of the children. The members of the organization greeted her speech with enthusiasm.

## CONGRESS SLEUTHING PRESIDENT'S BARBER.

BY WALTER WELLMAN.  
[BY DIRECT WIRE TO THE TIMES.]  
WASHINGTON, Jan. 15.—[Exclusive Dispatch.] Some men achieve fame, others have it thrust upon them, and now and then one gets it by yielding the razor which removes the budding hirsute from the cheek of a President of the United States, who is engaged in a catch-as-catch-can with Congress.

Such is the luck of William B. Dulaney, a colored man from the ancient George Washington town of Alexandria, Va., who has shaved President Roosevelt, daily, but the President doesn't have to pay him 15 cents per, with an occasional "keep the change" out of the quarter. Dulaney is carried on the government rolls as an employee and the auditor of the navy at \$150 a year.

This is pretty good pay for a barber and inasmuch as all the auditing Dulaney does is on the Presidential face, it is a unique experience.

## PEOPLE'S CHAMPION GETS HARD BUMP.

"Chet" Rowell of Fresno Who Was Allowed to Guard the Ship of State Almost Knocked Overboard When Main Sheet Fills.

BY B. FRANK GREAVES.  
[BY DIRECT WIRE TO THE TIMES.]  
SACRAMENTO, Jan. 15.—[Exclusive Dispatch.] This story is almost too mad to tell. The people have been thrown down hard.

At Hither comes the people's lobby in the State House, and the first bump it gets is to have the doors of the legislative halls slammed in its face.

"Nephew Chet" Rowell of Fresno, who is the people's lobby and who runs a newspaper on the side, came dashing up to the capital to see about it. In order to get on the floor of the Senate and Assembly he was obliged to furnish himself with credentials as a lobbyist. The line-up in each house points to an honest vote on all measures.

Rowell has antagonized every member by following in the wake of the three tailors of Tooley street, by declaring that "We, the people of California," will do things awful if certain rules laid down for lawmakers are not followed.

NEW TOWN TO BE SITUATED ON FIELD, MILE AWAY.

Many People Who Left Are Returning and Cars Transporting Fruit Reappear—One Type of Building Alone Withstood Shocks and May Be Copied in Future.  
[ASSOCIATED PRESS NIGHT REPORT.]  
MESSINA, Jan. 15.—Signs of renewed activity now that conditions are becoming more settled since the earthquake disaster, are noticeable everywhere.

Many persons who left the city immediately after the catastrophe are returning, anxious to start life anew. The number of cars transporting fruit, which is one of the leading industries of the city, is increasing and cars are being seen more frequently.

Plans are being made for the building of a new town, to be situated on a field a mile distant from the railway station.

The type of buildings which will be safest in the event of another earthquake, is being discussed. The only building which withstood the earth shocks is that of Dr. Camareri, which was built on a platform of cement, made of hollow bricks, held together by wires.

The American relief from the chartered steamer Bayern is being distributed in Sicily.

## NO AMERICANS FOUND.

NONE IN HOSPITALS.  
[BY DIRECT WIRE TO THE TIMES.]  
ROME (Italy), Jan. 15.—[Exclusive Dispatch.] Robert Hale, Chicago artist, telegraphs from Catania, Sicily, that he has discovered no Americans among the patients in the hospitals at Palermo, Catania, Acireale and Syracuse, and that he is now going to Reggio, where he will continue his inquiries. He is convinced that no Americans were killed or injured in the earthquake.

Supplies aboard the Celtic probably will be turned over to Ambassador Gronow, who will be entrusted with the disposal of the supplies. Tents will be trans-shipped at Naples and thence conveyed to Catania and Sicily, where many survivors are sheltered.

## HARRIMAN FIGHTS HILL.

DENVER, Jan. 15.—[Exclusive Dispatch.] E. H. Harriman has ordered the engineering department of the Union Pacific Railroad to at once parallel the lines of the Colorado and Southern in the northern section of the State. A construction force of over 1000 men will be thrown into the field as soon as they can be organized, and the renewal of the fight between Harriman and James J. Hill, which was predicted by Wall Street as a result of the sale of the Colorado and Southern to the Burlington, has begun.

## MANY KILLED IN TWO TRAIN WRECKS.

[ASSOCIATED PRESS NIGHT REPORT.]  
GLENWOOD SPRINGS (Colo.) Jan. 15.—West-bound train on the Denver and Rio Grande, No. 15, was in collision with east-bound freight No. 67 tonight near Dotsero, twenty miles east of here.

Ten bodies have been taken from the wreck at Dotsero.

It is reported, many are injured.

JUMPS TRACK INTO RIVER.  
[ASSOCIATED PRESS NIGHT REPORT.]  
VANCOUVER (B. C.) Jan. 15.—Brief report of an accident on the Canadian Pacific Railroad reached Vancouver this afternoon.

Two locomotives and four cars are believed to have jumped into the river near Spuzzum. It is certain that the two locomotives went into the river, and that the four cars followed. Both of Vancouver, have been killed.

The train was a local passenger, made up at Medicine Hat on Wednesday night. One report says that four cars are in the river, the engine turned over; no passengers killed, but many injured.

[BY DIRECT WIRE TO THE TIMES.]  
ATLANTA (Ga.) Jan. 15.—[Exclusive Dispatch.] The Teddy Bear has been relegated to a seat far in the rear, and for four years, possibly eight, the children of the United States will play with "Billy Possum." Billy Possum made his debut tonight at the possum dinner given to President-elect Taft.

After the "possum," "taters" and "simmon beer" had been served and the many other courses of the feast, the guests, led by the orchestra, broke into song. Mr. Taft was presented with a "Billy Possum," constructed after the manner of the "Teddy Bear," to be the emblem of his administration.

For the first time in many years Rev. Father John Gunn, pastor of the Sacred Heart Church of Atlanta, and the practical mouthpiece of the Roman Catholics in this State, ate meat on Friday. He was invited to the Taft banquet, where possum was the place of resistance of the occasion, and desiring to do honor to the President-elect, Father Gunn wired Bishop Benjamin Kelley at Savannah for a dispensation from the duty of abstinence for the day. Permission was wired back, and Father Gunn was among the Taft banqueters.

## STATEHOOD IS NOW ASSURED.

Opposition to Consideration by Congress Removed.

Arizona and New Mexico to Be Admitted.

Fear of Democratic Members Has Been Dispelled.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Jan. 15.—[Exclusive Dispatch.] Suddenly developed and seemingly fixed opposition by certain leaders in Congress made it appear for several weeks that a prophecy early in the session that an act enabling two Territories to become States would be before inauguration day, was to fall of fulfillment, change has come and it is virtually assured that before Mr. Roosevelt leaves office separate Statehood for Arizona and New Mexico will be authorized.

Representative Hamilton, chairman of the House Committee on Territories has been working quietly, but not less industriously, to win the approval of Speaker Cannon and other House leaders for a measure which will bring into the Union the last two Territories which the States hold as "contiguous territory." Senator Beveridge, chairman of the Senate Committee on Territories, was not certain that the measure would pass in time to consider the merits of this question. It is firmly believed now that Mr. Beveridge and Mr. Hamilton are of one mind in the matter and that the legislation will be pushed.

Last fall Ralph H. Cameron, Republican of Flagstaff, Ariz., was elected delegate to Congress to succeed Marcus Aurelius Smith, Democrat, of Tucson. William H. Andrews, Republican, of Albuquerque, N. M., was elected delegate by an increased majority.

There was fear a few years ago that Arizona was almost certain to send two Democrats to the Senate and that New Mexico might do likewise. Oklahoma was admitted and the Democratic representation was increased by two members. The Republicans naturally did not wish to have six additional Democrats come to the Senate at once, and it is true that partly for this reason it was deemed better to join Arizona and New Mexico, and thus to keep down the Senatorial representation.

### DISCUSSING NAVAL REFORMS.

IMPROVED ADMINISTRATION. [ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, Jan. 15.—An important conference on the administration of naval affairs by the Navy Department, which may result in reorganization of the system at present in vogue in that department, was held today.

Criticism of the naval administration under the present bureau system have resulted in the bringing together today of ten men of wide experience in Navy Department matters. Those who are in attendance at the meeting in the offices of the Secretary of the Navy are Supreme Court Justice William H. Moody, Paul Morton of New York, former Secretary of the Navy, United States Judge A. G. Dayton of West Virginia, formerly chairman of the House Committee on Naval Affairs; Herbert L. Satterly, the present Assistant Secretary of the Navy; Rear-Admiral Robley D. Evans, retired, former commander-in-chief of the Atlantic fleet; Rear-Admiral Alfred T. Mahan, retired; Stephen B. Luce, retired, both on special duty at the Naval War College, Newport, R. I.; Rear-Admiral William M. Folger, retired, former Naval Chief of Ordnance; Rear-Admiral W. S. Cowles, Chief of the Bureau of Equipment; and Commander William M. Fullam of the Naval Training Station at Newport, R. I., who will act as recorder.

Secretary Newberry announced later that the conference had approved the plans he had already put into effect, which include the enlargement of the General Board so as to make it representative of all branches of the service, and designation of the Chief of the Bureau of Construction as acting Chief of the Bureau of Steam Engineering, with the possibility of a merger of these bureaus.

### FOREIGN SHIP ASKS REGISTER.

REBUILT ON COAST.

[ASSOCIATED PRESS DAY REPORT.] WASHINGTON, Jan. 15.—Strong opposition is expected against the enactment of a bill granting an American register for the Pacific coastwise trade to the barkentine Andromeda, which is before the House Committee on Merchant Marine. The Andromeda was built in Norway, and was wrecked near Honolulu.

The wreck was bought at public auction at San Francisco by an American and repaired at an American shipyard. The bill provides that the coastwise trade of the Pacific should be open to this vessel and an American register provided if it is shown that the repairs were made at an expense exceeding three times the amount of the price paid for the wreck.

### DEWEY SUPPORTS PRESIDENT.

FAVORS NAVAL PLAN.

[ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, Jan. 15.—Admiral Dewey, president of the general board of the navy, has sent to Secretary Newberry a letter in which he cordially approves of the withdrawal of the marines from the ships, recently ordered by the President. He says it is the policy of the department to employ these men as an integral part of the navy, and war plans are worked out accordingly, but when embarked they will be on ships and especially fitted to carry expeditionary forces and advanced base material.

### WILL FIGHT RAISE.

SALARY INCREASE GOES OVER.

[ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, Jan. 15.—That the Senate amendments to the legislative executive and judicial appropriation bill increasing the salary of the President to \$100,000, of the Vice-President and Speaker of the House of Representatives to \$20,000, each, with an allowance for a carriage of \$5000 each, for the Vice-President and Speaker, are not to be approved without some opposition, was shown in the Senate today, when Senator Borah of Idaho, first made a point of order against them as new legislation and then asked that they be allowed to lie over until the other amendments are disposed of in order that they may be discussed later.

## Taft Challenged by Vardaman.

THRUST NEGRO QUESTION UPON SOUTH, LATTER SAYS.

Mississippi's Former Governor Declares Race Cannot Live on Terms of Equality, and That Sooner Laws Are Changed Better It Will Be Them.

(BY DIRECT WIRE TO THE TIMES.)

NEW ORLEANS (La.) Jan. 15.—[Exclusive Dispatch.] Ex-Gov. James K. Vardaman of Mississippi delivered an address at the Louisiana State Normal School, at Natchitoches, today, in which he issued a challenge to President-elect Taft to thrust the negro question upon the South as Taft had recently outlined.

"Bring the matter squarely before the American people," asserted Gov. Vardaman. "We welcome it. I am tired of expediency."

With the appointment of four judges to the Supreme bench, which will probably fall to Mr. Taft's lot, Gov. Vardaman said Mr. Taft would have the power to pronounce the elimination of the negro from politics in Louisiana and Mississippi as unconstitutional. This would bring the issue to a head.

Continuing, Mr. Vardaman declared: "It would be best for the South if that would be done. It would be settled permanently and for all time. The two races cannot live together on terms of social or political equality, and the sooner that fact is realized in our laws, the better it will be for the races. Our people are calmly resting on a slumbering volcano, seemingly unconscious of the danger."

### TREATIES SIGNED.

[BY DIRECT WIRE TO THE TIMES.] SACRAMENTO, Jan. 15.—[Exclusive Dispatch.] A bill for the creation of a State board of art education was introduced in the Assembly today by Transue. It is fostered by Charles F. Edson of Los Angeles, who has had considerable success in that city in conducting concerts and lectures for public school children.

The measure provides that the board shall include the Governor, the superintendent of public instruction and a superintendent of art education, the

## EX-CONVICTS WORK WITH LEGISLATORS.

(BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, Jan. 15.—[Exclusive Dispatch.] The former convicts are laboring hard with the Legislature for prison reform bills. One of them is Ed Morell, notorious because of his connection with the Evans-Sontag band of train robbers; the other is Col. Griffith J. Griffith of Los Angeles.

The main difference between them is that Morell served fifteen years of a life sentence and Griffith served about as many months. Both did time at San Quentin.

Morell went from the position of a numbered human in the jute mill through the life sentence to the place of head trusty of the big prison. Griffith had a taste of the jute mill and wound up as an office man. Both now seek to better conditions of about 2000 convicts at Folsom and San Quentin, some of whom have been there forty years.

Morell is working for the indeterminate sentence and a bill based on his suggestion is about to be presented. Griffith is working to better his efforts on any one reform.

### DESPERATE EXPLOITS.

Interest centers in Morell because of the things that sent him to prison. He was a "wild" man in his youth, and as a young man he was a member of the Evans-Sontag gang. In 1903 Morell was captured and sent to the State Prison at San Francisco. He was killed by officers, after the bandit had robbed a Southern Pacific train at Goshute. In the conflict Evans lost an arm and an eye.

He was locked up in the Fresno County Jail, closely guarded. He had

and poultry that has been dressed so long as to be extremely "high" in price. The Legislature is expected to pass a bill to regulate the sale of such goods, and to provide for the inspection of such goods.

The committee also reported favorably the bill which provides for the proper sanitation of all bakeries and other places in which food is produced for sale. One of the important provisions of this bill is that bake shops must be kept clean and not be used as sleeping apartments.

### POSTAGE LACKING.

BOOMERS OFFEND LEGISLATORS.

[BY DIRECT WIRE TO THE TIMES.] SACRAMENTO, Jan. 15.—[Exclusive Dispatch.] The committee on the Pacific coast boosters for various projects before the Legislature are saving postage at the expense of the lawmakers and possibly to the harm of bills, the passage of which is desired.

Each of the 120 members of the Legislature received weekly letters today from the Los Angeles Harbor Commission and from commercial clubs in San Francisco, the former urging the passage of the consolidation bill, and the latter seeking support of railroad rate legislation.

### INCOME TAX BILL.

MEASURE PREPARED.

[ASSOCIATED PRESS NIGHT REPORT.] SACRAMENTO, Jan. 15.—The income tax will become a question before the Senate Monday. Senator Sanford has prepared a bill taxing incomes of more than \$1000 a year. As yet no bill has been introduced. The bill would require to be furnished a list of all persons in their counties who are subject to the tax, which for the first \$5000 would be 5 mills on the dollar; the next 75 mills, increasing at the same rate up to \$100,000, when the maximum of 23-1/2 mills on the dollar would be reached. The bill would also require to be furnished a list of all persons in their counties who are subject to the tax, which for the first \$5000 would be 5 mills on the dollar; the next 75 mills, increasing at the same rate up to \$100,000, when the maximum of 23-1/2 mills on the dollar would be reached.

### PILOTS CHARGE HIGH.

BILL TO REDUCE.

[BY DIRECT WIRE TO THE TIMES.] SACRAMENTO, Jan. 15.—[Exclusive Dispatch.] Reduction of the charges made by pilots at San Pedro is the aim of a bill that has been introduced in the Senate by Savage and in the Assembly by Leeds. The rates now in effect are considered excessive by the pilots, and are said to be prejudicial against the interests of Southern California. The San Pedro pilots are reported as favoring the bill.

### AQUEDUCT BILLS UP.

PROHIBIT SALOONS.

[BY DIRECT WIRE TO THE TIMES.] SACRAMENTO, Jan. 15.—[Exclusive Dispatch.] Two bills desired in the interest of the Los Angeles aqueduct were introduced in the Senate today by Hurd and in the Assembly by Transue. One gives municipal corporations the right of way over State lands when needed for the prosecution of an important public project, and the other prohibits the establishment of saloons within four miles of any camp of twenty-five or more men, excepting such licensed saloons as may have been in existence at least six months prior to the establishment of the camp.

### HOUSE FAVORS HETCH-HETCHY.

FIRST FLOOR FIGHT.

[ASSOCIATED PRESS NIGHT REPORT.] SACRAMENTO, Jan. 15.—The Assembly adopted today the joint Senate resolution introduced by Senator Wolfe for the Supervisors of San Francisco, asking Congress to give San Francisco the Hetch-Hetchy water supply. The vote was 22 to 51.

A debate during which Nathan C. Coghlan, in supporting the resolution, and fighting an amendment offered by Baxter, of Yosemite, was called to order by Speaker Stanton for "reckless and unpatriotic remarks."

### STANTON COMING HOME.

WILL MAKE FLYING VISIT.

[BY DIRECT WIRE TO THE TIMES.] SACRAMENTO, Jan. 15.—[Exclusive Dispatch.] Taking advantage of an adjournment of both Houses of the Legislature until Monday, Speaker Stanton of the Assembly left on the Owl this evening for his home in Los Angeles. He will return to Sacramento on Sunday night.

### EDSON'S BILL INTRODUCED.

HIGH ART FOR SCHOOLS.

[BY DIRECT WIRE TO THE TIMES.] SACRAMENTO, Jan. 15.—[Exclusive Dispatch.] A bill for the creation of a State board of art education was introduced in the Assembly today by Transue. It is fostered by Charles F. Edson of Los Angeles, who has had considerable success in that city in conducting concerts and lectures for public school children.

The measure provides that the board shall include the Governor, the superintendent of public instruction and a superintendent of art education, the

Assemblyman Collier, of Corona, and his active cigar.

### BOTH GET LIFE SENTENCES.

Both men some months afterward were sent to prison for life, Evans to Folsom and Morell to San Quentin. Crippled old Chris Evans is a turnkey at Folsom, while his former partner, now about 40 years old and appearing much younger despite his long incarceration, is endeavoring to better the lot of the thousands behind the same walls.

Morell is a man of charming address, and since his pardon by Lieutenant Governor, less than a year ago, has given every indication that he will lead an upright life in the future. His belief is that a prison sentence should be for a definite period, but that the prisoner should be released after a reasonable time upon proving he is a law-abiding citizen.

### MOTHER-IN-LAW.

MCARTNEY'S EXPLANATIONS.

The Times has received from D. L. Martin, sergeant-at-arms of the State Senate, an explanation of the act of Senator McCartney in placing the name of his mother-in-law on the roll of attaches.

Mr. Martin says that the Senator did this, not intending that his mother-in-law should hold a job, but to hold the place until he should select somebody to really hold it—each Senator being allowed a certain amount of patronage.

**HUGE DAM BREAKS.**  
(Continued From First Page.)  
D-street wagon bridge just outside Marysville this evening, besides overflowing the Southern Pacific railroad bridge above and below there. Southern Pacific and Western Pacific bridges over the American River, near Sacramento, which went out last night, are said to have been faultily constructed on the bridge.  
The Northern Electric, Western Pacific and Southern Pacific tracks are inundated or washed out between Marysville and Wheatland, and the electric road has lost trestles and embankments near Bluffs and Gridley. An Interurban train was caught between a washout and a wrecked trestle last evening, and the passengers were taken in boats to Gridley.  
**TRAFFIC SUSPENDED.**  
Freight traffic is entirely suspended by the Southern Pacific, and its passenger service is badly demoralized. Valley trains on the east side and trains on the mountain division are unable to operate on account of the destruction of bridges and numerous snowslides and washouts. Trains to San Francisco and Stockton and on the west side of the river are interrupted. The rains in the mountains today were the heaviest yet experienced, and the precipitation here in the past twenty-four hours has been nearly three inches. The storm still continues.  
The American River is at a standstill; the Sacramento is rising and has reached twenty-six feet, which is several feet below the danger level. The river is falling at Marysville and other points up the valley. The Southern Pacific Railroad is taking steps to bring the mail across the American on the Northern Electric bridge, which is intact.  
**INCREDIBLE RAINFALL.**  
RIVERS OVER BANKS.  
(BY DIRECT WIRE TO THE TIMES.) STOCKTON, Jan. 15.—[Exclusive Dispatch.] The only danger of high water in Stockton now is from the unprecedented rainfall in the vicinity of Altaville, Murphy's and Sheep Camp, the greater portion of which will run into the Calaveras River. Last night it is claimed by people who kept records that the total fall was between sixteen and seventeen inches, which is hardly believed here.  
This water must come through here in the Calaveras and Mokelumne Rivers, mostly in the former, and while there is some uneasiness over the rise in the Calaveras tonight it is not believed it will cause much damage further than that of overflowing the lowlands alongside of its banks. The greater part of this will spread over a large territory and will find its way slowly into the San Joaquin River.  
There is some anxiety over the continued rains in the mountains and east of Stockton, which may cause trouble tomorrow. The Calaveras and Mokelumne rivers have overflowed near Lodi, Lockeford, Woodbridge and other points already and this will relieve the situation at this point.  
**DAM THREATENS TO BURST.**  
(ASSOCIATED PRESS NIGHT REPORT.) VALLEJO, Jan. 15.—The city water works dam at Green Valley, twenty miles above here, was heavily strained by the floodwaters today and saved from going out only by the use of powder to increase the capacity of the water weir. The dam is thought to be safe for the night if the rain does not continue. The water has risen to within a foot and a half of the top of the dam in the last twenty-four hours.  
In this city water is standing on the streets in the low section, but the damage is slight so far. Railroad communication with Napa was maintained throughout the day on the electric line, though traffic was somewhat delayed.  
**CRACK WASHED OUT.**  
(ASSOCIATED PRESS NIGHT REPORT.) YUBA CITY, Jan. 15.—One thousand feet of the Southern Pacific Railroad Company's tracks south of this city was washed out by the high water today. The Feather River registers twenty-five feet, four inches tonight, a foot and a half under flood-time high-water mark.  
At Loma, five miles to the north, great fears are felt. The levees are being the strain of the flood waters and it is feared they may give way a vast area will be inundated.  
**TOWN UNDER WATER.**  
(ASSOCIATED PRESS NIGHT REPORT.) LAKEPORT, Jan. 15.—More than six inches of rain has fallen here in the last forty-eight hours, and stage communication has been badly delayed and in some instances completely cut off. The season's rainfall is now ten inches greater than for the same period last year.  
At Upper Lake, between two and three feet of water covers the town, but the damage is slight. Clear Lake is rising steadily, and has gained four feet in the last three days.  
**NEARING FLOOD AT COLUSA.**  
(ASSOCIATED PRESS NIGHT REPORT.) COLUSA, Jan. 15.—The Sacramento River at this point has risen eighteen inches today and is rising at the rate of two to three inches an hour tonight. The rainfall continues. The levees are intact, but the river registers twenty-four feet, nine inches while the flood-time high-water mark is only twenty-nine feet, four inches. At the present rate this will be reached some time tomorrow.  
**PEOPLE IN SECOND STORIES.**  
(ASSOCIATED PRESS NIGHT REPORT.) SANTA ROSA, Jan. 15.—High water prevails throughout this section. Guerneville is cut off by railroad, owing to the flood of the Northwestern Pacific tracks at Eagle Nest. No trains have been in or out of the town today. Residents of the northern part of Guerneville are taking to the second stories of their homes to avoid the rising water. Numerous small bridges throughout the county have been swept away.  
**WEALTHY WOMAN ELOPED.**  
Kept Secret Wedding From Public for Six Months—Third Nuptial Experience.  
(BY DIRECT WIRE TO THE TIMES.) PUEBLO (Colo.) Jan. 15.—[Exclusive Dispatch.] A secret marriage in which a hasty automobile trip played an important part, and in which Mrs. Emma Tole Nuckolls, the richest woman in Colorado, and L. A. May, formerly a Denver and Rio Grande yardmaster here, were the principals, has just been made public.  
The wedding has been kept secret since last summer. Mrs. Nuckolls, as a girl, married Tole, a cattle brander of early days. He died leaving her an estate worth \$1,500,000. Some years later she married Nuckolls and secured a divorce from him in secret about a year ago.  
May is about 42 years old, and has been managing Mrs. Nuckolls's properties.

# Flower Sale

**An Advance Event That Rings With Value Importance**  
**Four Big Lots--19c, 25c, 50c & 59c**

What do you think of a sale of millinery flowers this early in the season? It shows progressiveness, doesn't it? Especially when these flowers are the newest, clearest and most up-to-date ideas for spring and summer wear. We figured it out this way, that by making the prices low enough we could induce you to plan for the future; and, besides, look at the economy principle that it carries out. Make your present hat, or your last season's hat, look like new by trimming them with the flowers that are to be worn. By placing our orders early we secured special concessions from the manufacturer, and we are passing these concessions along to you, as you will see by the prices that follow. See the windows. The values are without a precedent.

- VELVET FORGET-ME-NOTS, THE 35c KIND, 19c  
A trimming that is already decided upon as being "IT" for spring of 1909. Suitable for all the new effects. An extra large spray in all new colorings.
- BEAUTIFUL ROSES AND IMPORTED FOLIAGES, 25c  
Extra fine quality muslin roses; three to the bunch, in fifty new shadings. All imported muslin foliage. Large sprays in green or brown shades. Exceptional values.
- IMPORTED ROSES WITH FOLIAGE, 50c  
A more beautiful and natural flower you could not locate for double the money. Large half open rose, with foliage; plain colors and shades. The best values you ever saw.
- CHRYSAETHUMS 24 NEW COLORS, 59c  
Here is great value, and they are the proper trimming, too. Extra large chrysanthemum, two to a bunch, with two buds. Twenty-four new colors to choose from.

**50 Dozen New Neckwear For Women Values to \$2, at 49c**  
Directoire collars, fancy jabots, dainty neck bows for women; 25 different styles; all the newest, most approved effects for wear right now. Values range from 75c to \$2. Today, Aisle 2, 49c.

**Half Price For all Children's Wool Coats & Dresses**  
Here's great news for mothers to take advantage of. A once-a-year clean-up; a bona fide reduction—half price for all children's wool coats and wool dresses.  
This means choice of any in stock, regardless of former price or value. Nothing reserved. Beautiful materials and workmanship; splendid assortment of colors and styles. Garments for all ages, 2 to 14 years. Buy now and get your child a coat or dress at less than cost of material.

## SEAT SLIPPING FROM HOPKINS.

Illinois Senator Goes Home to Enter Fight.

Loss of Lorimer's Support a Grave Situation.

Deneen Is Picked for Winner by Congressmen.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Jan. 15.—[Exclusive Dispatch.] Senator Hopkins started for Springfield this afternoon to take an active part in the Senatorial fight. He is greatly worried over the reports which have reached Washington of the developments in the contest. Until recently he has been confident of success, with no opposition of consequence. He now feels that considerable hard work must be done without delay if he is to win.  
Members of the Illinois Congressional delegation are closely following the situation. Reports reaching here cause some of them to predict that if George Deneen is not elected Senator, Congressmen Lorimer will be. They understand that the heretofore harmonious relations existing between Hopkins and Lorimer have been broken, and that the Chicago boss is determined to defeat Hopkins because the latter remained neutral, and would not join him in defeating George Deneen.  
Representative Foss will not become an active candidate for the Senate unless a deadlock develops in the Legislature. This is his position, as stated today. He intends to wait until it is developed that Hopkins cannot be elected the second time, and then he will be ready to support Deneen.  
Members of the State delegation say that if reports are true, and Lorimer has deserted Hopkins, the latter will be defeated for reelection. The view entertained here is that Hopkins's strength has come largely from Lorimer, and, deprived of the support of the suburban boss, he will be easily defeated.

## POLITICAL BRIEFS.

**Kern Makes Threat.**  
INDIANAPOLIS, Jan. 15.—"I shall have something to say tomorrow that will be plain and specific," said John W. Kern today. When making my statement, I think it will make them jump some." This was said with reference to the storm to the effect that Kern believes he was beaten for the Senate through an elaborate and carefully worked out system of deceit and double-crossing.

**VETOES DAM BILL.**  
President Refuses to Sanction Measure to Divert Waters of the James River.  
(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Jan. 15.—[Exclusive Dispatch.] President Roosevelt today vetoed the House bill for the construction of a dam across the James River, Missouri. His veto message was, in part, as follows:  
"I return herewith without my approval, House bill 17,267, to authorize William H. Standish to construct a dam across James River, in Stone county, Mo., and to divert a portion of its waters through a tunnel through the said river again to create electric power. My reasons for not signing the bill are:  
"The bill gives to the grantee a valuable privilege, which, by its very nature, is monopolistic and does not contain the essential to protect the public interest."  
President Roosevelt quotes from a letter he wrote on March 12, 1905, to the Senate Committee on Commerce, in pursuance of a policy declared in his message of February 28, 1908. In this letter the President said:  
"Through lack of foresight we have formed the habit of granting without compensation extremely valuable

## FLASHES FROM WIRES.

J. G. Sing, Canadian government engineer, in addressing the Toronto Engineers' Club Thursday night, said that a new canal is likely to be built by the government connecting Lake Erie and Ontario with six locks, 700 feet by seventy-five feet, with twenty-four feet of water on the sills.  
The cholera in St. Petersburg continues to show a large number of new cases daily. Twenty-eight were recorded for the twenty-four hours ended at noon yesterday, and the last four days show a total of ninety.  
Judge Collier, of the Cleveland, O., Common Pleas Court, yesterday refused to appoint a receiver for the Depositors' Savings & Trust Company, the bank of which Mayor Tom L. Johnson was president. Notice of appeal was given.  
Camp Perry, on Lake Erie, gets the big National Rifle Shoot this year. This information was telegraphed to Adj. Gen. C. C. Welles, of Ohio yesterday by Asst. Adj. Gen. J. N. Heger, who is in Washington.  
Two persons were injured by jumping to the sidewalk during a fire in a tenement house on the East Side in New York early yesterday. Many other tenants had narrow escapes, and a fourteen-year-old boy, Maurice Welles, who was unconscious in a smoke-filled room and dragged to safety by a fireman.  
Foremost among the heirs of George Washington, who are presenting their claim for \$200,000 on account of lands in Chicago, is Lawrence Washington, who is said to be the nearest living relative of the first President.

## CLUB WOMEN AT YUMA.

(ASSOCIATED PRESS NIGHT REPORT.) YUMA, Jan. 15.—Tucson was named for the next annual convention of the Arizona Federation of Women's Clubs, by the convention which adjourned in this city today.  
The work of the closing convention has been marked with progressive movements toward needed legislation, health and civic reforms. Social functions have formed a prominent feature, and an expedition to the Laguna dam under the supervision of Project Engineer Selvey was arranged. The value of this great irrigation work of Southwestern Arizona.  
Mrs. Josiah Evans Cowles, first vice-president of the general federation, was a guest of honor and made the most interesting address of the convention. Bishop County of Los Angeles delivered an able and forcible address in the Yuma Theater before the entire community Wednesday evening.

## FOUND BOILED IN TUB.

DENVER, Jan. 15.—John C. Beatty, 40, of Denver, was found dead in a bath tub in which hot water was running, late today. As far as known, the body had been in the water since midnight last night, and was literally boiled. Mr. Beatty was a large land owner, owning much property in Nevada, California, Arizona and Old Mexico. About a year ago he disposed of 1,200,000 acres in Sonora, Mexico, to a French syndicate. Mr. Beatty was interested in the irrigation enterprise in Southern California, the completion of which is said to have caused the formation of the Salton Sea.

## BURROWING INTO BIG VAULT ROBBERS GET NEAR RICHES.

**Expert Safe-Crackers Attack Strong Box of Los Angeles Ice and Cold Storage Company, Containing Many Thousand Dollars, but Watchman Appears and They Run—Two Months Making Ready.**

AFTER two months of preparation a gang of expert safe-crackers made an attempt early yesterday morning to burrow into the large vault of the Los Angeles Ice and Cold Storage Company, where from \$50,000 to \$75,000 is understood to have been kept. They made such progress at drilling that another night's work would have made it possible for them to reach the money. The appearance of a watchman, who did not know of their presence, frightened the cracksmen away. Five times within as many weeks the robbers have broken into the office building, Seventh street and Santa Fe avenue, and tried to work the combination lock of the safe. Failing in this, they stole a few little articles each time to throw suspicion on the hobos who frequent the locality. Six weeks ago they started boring into the vault, were detected and escaped while a watchman was telephoning for officers to come and capture them. The police have found no clues.

Where Safe-crackers Tried to Bore to Money.

Rear of office of Los Angeles Ice and Cold Storage Company, showing the shed in which one of the outside men stood guard. Cross marks position of the vault. The sketch above indicates how the cracksmen chiseled away a portion of the vault floor. Below is a floor plan of part of the office.

In spite of the fact that the premises have been under police surveillance for two months, a gang of expert safe-crackers started to burrow into the vault in the office building of the Los Angeles Ice and Cold Storage Company at Seventh street and Santa Fe avenue early yesterday morning.

An investigation of the floor of the vault showed that an inch thickness of concrete was chipped off over a section about two feet square. Evidently the cracksmen were disturbed soon after they began operations by an unsuspecting night watchman walking about. The floor is twelve inches thick, and the officers at work on the case estimated that the robbers could have gone through with another night's work.

LARGE AMOUNT ON HAND. After finding that the cracksmen had been able to dig at the vault floor undiscovered, yesterday the officials of the company decided to remove the funds to an up-town bank. According to statements by police officials, who are well informed, the company has had from \$50,000 to \$75,000 in the vault, and this great amount may have been there at the time of the attempted robbery.

Yesterday was pay day, and \$14,000 was disbursed. This alone would have been quite a haul. The reason the company has had so much money on hand at night is that the offices are located a long distance from the nearest bank, and most of the collections are turned in during the afternoon.

Evidently these facts were in the heads of the robber gang, for they made a long and careful reconnaissance before they attacked the vault floor with the idea of breaking in and moving open the safe. They could not have opened the vault with an explosive, as the report would have been heard by the men who were at work on the early morning watch in the big refrigerating plant. But once inside the vault they could have blown their way without fear of discovery, as the noise would have been deadened by the surrounding walls.

There is three feet of space between the ground and the floor of the offices, which is inclosed except for three small doors. This afforded easy access to the foundation of the vault, which is fireproof but not burglar-proof. Instead of being built in solid concrete, the vault floor is supported on two brick walls, leaving more than two feet of clear space between the supporting walls.

During the day workmen had been busy repairing the wagon scales directly in front of the office in which the vault is located, and they had left their tools under the edge of the porch.

LOOKOUTS OUT. Some time while Night Watchman Smith was making his rounds in a distant part of the large refrigerating plant, the gang arrived. They annexed the tools left by the scale repairers, and posted a lookout near the opening under the porch, where he could keep a sharp eye on every one who approached the building from the front. The place where this lookout sat and dug his feet into the mud could be plainly distinguished yesterday.

## STUDENT CUPID. HIGH SCHOOL PUPIL BRIDE.

GOES BACK TO DESK AFTER HER WEDDING.

She Yields to the Pleading of Her Sweetheart and is Married in Santa Ana, but Will Finish Her Studies Here Before Beginning Housekeeping.

It's all out now, no chance to keep the affair a secret any longer. Pretty Miss Ella E. Lacy, a pupil of the Los Angeles High School, is Miss Lacy now.

Mrs. C. T. Gardner, High School pupil and bride. She was Miss Ella E. Lacy, and she and Gardner eloped two weeks ago and were married in Santa Ana.

Los Angeles High School, is Miss Lacy no longer, but the bride of C. F. Gardner, an employe of the government at Sonora, this State.

Personally, Mrs. Gardner is rather disappointed that the secret of the wedding on December 29 should go out before she finished her course and had her diploma next June. But Fate would have it otherwise, and the schoolgirl bride will have to go back to her desk instead of beginning housekeeping.

Mrs. Gardner is the daughter of Dr. J. N. Lacy of No. 144 Mateo street. She had known Gardner some time before he went to Sonora. About Christmas time he came back to pay her a visit, and pressed his suit so hard that she surrendered. They eloped to Santa Ana, where Rev. Mr. Garnett married them. The young bride went home after the ceremony, and her husband departed.

On the day after her graduation Mrs. Gardner will join him.

## GRAFTER IN YOUR HOUSE?

Dist. Atty. Fredericks Aiming at Dishonest Chauffeurs and Cooks.

It will be a hard winter for grafting chauffeurs and cooks. If a bill drawn by District Attorney Fredericks shall pass the Legislature, the bill has been introduced into the Senate by McCartney and in the Assembly by Hammon.

It provides that servants who squeeze out rake-offs from their employers shall be guilty of larceny just as though they had stolen the money; their punishment shall be the same as that of thieves.

On account of the lack of such a law, a vast system of domestic graft has grown up in Los Angeles, as in other large cities.

Professional chauffeurs are said to be among the worst offenders. The confessions of one of the tribe printed in an Eastern magazine a short time ago opened the eyes of auto owners and has resulted in the demand for a law to reach dishonest servants.

The confession of this chauffeur showed how his lik tamper with the machine in order to make repairs necessary. Then they demand a rake-off from the repair men.

One of their commonest schemes is to doctor tires with a gasoline preparation so they will tear out on the road.

Trading on the general ignorance of automobile owners as to machinery, dishonest drivers fix the parts in such a way that they break in a seemingly inevitable way. The average owner leaves it to his chauffeur to have the broken auto fixed and the chauffeur does the rest.

From a certain class of chauffeurs, the repair men understand very plainly that they must "come through" in order to get the work.

This graft also applies to domestic servants, cooks and such. Many of them graft on the tradesmen, although not to great extent in cities like Los Angeles, where the household establishments are small.

Heretofore, there has existed under the law no way to get after these grafters. If the employer ever found out, the dishonest servant could be discharged; that was all. The merchant, who was the chief victim, had no recourse whatever, as any attempt to "tell" on his part would have queerered him with the whole outfit of grafters.

Under this proposed law, all graft that amounts to less than \$50 will be punishable on the same terms as petty larceny; graft amounting to more than \$50 will be punished by confinement in State prison, as in the case of grand larceny.

## NO PROSPECT OF INDICTMENT.

CITY OFFICIALS ARE SERENELY AWAITING REPORT.

Criminal Accusations Said to Be Unlikely—Culmination of Grand Inquest in Day or Two—Delay Caused by Testimony Required of Pete Wilson.

The grand jury of Los Angeles county was expected to report yesterday, but certain new testimony relating to road work delayed the report.

Pete Wilson, ex-supervisor, was called as a witness. Unless this inquiry develops into something serious, the report (now virtually completed) will be made public in the next day or two.

There is every reason to expect a conservative report; that there will be no indictments of city officials and no criminal "accusations;" that is to say no legal proceedings will be instituted against officials.

It is to be assumed that there will, however, be a clear statement of the exact conditions unearthed by the long inquiry, faithfully made by earnest investigators.

Grand jurors, some of them, were incensed by the raw and blundering attempts of the Evening Express and the poor outwitted Herald to intimidate into bringing in a report finding "vice" officially protected in Los Angeles.

The particularly crude feature of the "crusade" was the time at which it was launched.

The newspapers, acting as organs of T. Woolwine, had recovered from their first emotion and the "vice campaign" had been allowed to die out.

During the last few days, however, it became whispered about that a committee of the grand jury had been appointed to write the report and were actually at work so preparing the report.

## TRAPPED, HE SWEARS HARD.

Second Burbank Bank Robber. Caught by Craft.

Visits Partner at Jail and Sheriff Nabs Him.

Dramatic Story Recited by Boy Accomplice.

G. A. Smith, alias "Erle Slim," was arrested at the County Jail, yesterday afternoon, by Sheriff Hummel, and is charged with having robbed the State Bank of Burbank, Monday night.

Smith visited the jail to see D. W. Moore, Jr., who was arrested Thursday night at Burbank on suspicion.

G. A. Smith, alias Erle Slim, alleged leader of a bank robbery gang who was arrested yesterday while visiting a pal in the County Jail.

Both men are implicated in the robbery, and yesterday, Moore, who is not yet 18 years old, confessed when "sweated."

Smith's capture was effected by strategy. After the incarceration of Moore, Sheriff Hummel kept a close watch on visitors. Yesterday afternoon, an attorney entered the office and asked for a pass to see Moore. He also stated that Mr. Smith was with him, and would like to see Moore also.

The pass included the two men, and when they entered the jail, the Sheriff walked up to Smith and said: "I want you on a charge of robbery."

"This is an outrage; some one will suffer for this. The man who arrests me will pay good for it," said Smith. "All crooks talk that way, and I am willing to pay for my mistakes," said the Sheriff, and he dismissed the attorney.

Then Smith was taken to the Rivera Hotel on South Los Angeles street, and the landlady identified him as the man who had kept company with Moore.

He was subsequently confined in the "sweating" room of the jail while officers searched his room. They secured a small satchel, containing articles of wearing apparel stolen from a Burbank clothing house several nights before the robbery of the bank.

Smith made some statements that led the officers to believe that he has a penitentiary record. He announced that he would make clean breast of his share of the trouble and told a story which accounted for his acquaintance with Moore, but did not divulge his part in the bank robbery.

SMITH'S STORY. "I met this boy in San Francisco and knew him only two days," said Smith. "We agreed to come to Los Angeles together, arrived on January 4 and secured a room at the Rivera Hotel. The boy would frequently go out at night and not return until the next day. I did not know where he went and paid little attention to him. He owed me a considerable amount of money, so I decided to take his grip and go away with his clothes. That is how I happened to have those things which you saw were taken from the Burbank store. This morning I read of his arrest and I came here to visit him and give him a word of cheer before I left the country."

When Smith was told that Moore had confessed, he swore viciously and tramped away with a kick. Smith is a little over medium height and of slender build. His eyes are dark and hard, and the deep lines of his face show that he had led a rough life. He is vain and conceited. When told to prepare to have his photograph taken, he twisted the tips of his mustache, smoothed his hair and arranged his clothes with the greatest care.

Moore, the "gay cat" of the gang, is well educated and evil company is supposed to have caused his downfall. He wore a Y.M.C.A. pin at the time of his arrest. Because he had done all the hard work and had been made the cat's paw of Smith, he was easily induced by the Sheriff to tell the truth.

"I came here with Smith early in January," he said. "Shortly after we arrived he proposed to make a circuit of the small towns and rob the big stores and banks."

SUGAR OF

A vintage advertisement for DREAD brand sugar. The top half features the word "DREAD" in large, bold, serif capital letters. To its right, the phrase "In the Recipe" is written in a smaller, italicized font. Below "DREAD", the words "the acme of purity" are printed in a simple sans-serif font, followed by "your" and "SUGAR OF" on separate lines. A thin rectangular border encloses the central text area. At the bottom left, outside the border, is the text "MADE IN U.S.A.". Dominating the lower half of the ad is a large, detailed illustration of a cylindrical metal sugar canister. The canister has a label with the word "DREAD" prominently displayed at the top, and below it, "PURE SUGAR". The canister shows signs of age and wear, with some rust or staining visible. It has a handle on the side and a small spout at the bottom.

The convention of the Baptists of  
Southern California closed last night.

At a whole, Dr. J. Q. A. Henry  
of Pasadena, it is regarded by Baptists

as having been one of the most  
important the denomination has ever

held in Southern California. Of special  
importance was the great missionary

address, against race-track gam-  
bling, in favor of Sunday laws, in op-  
position to easy divorce, and in favor

of more stringent temperance reform.

OFFICERS RE-ELECTED.

Y.M.C.A. ANNUAL MEETING.

At the annual meeting of the direc-  
torate of the Young Men's Christian  
Association yesterday, all the officers

who have served so acceptably during  
the past year, were re-elected for the

year 1909. They are as follows: Presi-  
dent, Arthur Lettis; vice-presidents, A.

B. Cass and A. J. Wallace; recording  
secretary, A. P. Fleming; treasurer,

W. S. Bartlett.  
General Secretary Luther reviewed the  
work of the year, showing the most

noteworthy progress in all directions,  
including the completion of the new

building, and the work accomplished  
since its occupancy during the past

four months. The association is to be  
congratulated upon the splendid ef-  
ficiency of its corps of secretaries,

who have contributed so much to the  
success of the year.  
All the directors whose terms ex-  
pired with the close of the year have

been re-elected, and the full board is  
as follows: Arthur Lettis, B. Cass,  
A. J. Wallace, W. S. Bartlett, A. P.

Fleming, W. E. McVay, E. P. Clark,  
Samuel L. Johnson, D. T. Johnson,  
George J. Cochran, Gregory Perkins,

Jr., E. T. Earl, J. Ross Clark, D. K.  
Edwards, J. E. Carr, Oscar B. Smith,  
C. H. Blau, Curtis D. Wilbur, Julius

A. Brown, Willis H. Booth.  
At the meeting yesterday President  
Lettis presented to the association a

beautiful silk banner, sent from China  
by Secretary Wong, of the Shanghai  
association, as an expression of ap-  
preciation of what the Los Angeles

association is doing for them. In an-

RELIGIOUS BRIEFS.  
FOREIGN SECRETARY COMING.

Rev. Dr. T. S. Barbour, foreign sec-  
retary of the American Baptist Mis-  
sionary Union, is now on his return

from a tour of China, Japan and the  
Philippines, and will address the  
Baptist ministers' conference in Be-

rean Hall on Monday morning, Feb-

Eggs at a Cent Apiece.

There is now on the market, for sale  
at leading groceries, a preparation  
made from the albumen of fresh eggs

and milk which takes the place of eggs  
in pastries. It is guaranteed pure up-  
per the pure-food law, and so far as

my experience goes, works beauti-  
fully, and is certainly a great econ-  
omy when eggs come at half a dollar

a dozen. A teaspoonful of the egg  
powder, dissolved in a tablespoon of  
water is the making of one egg. I made

some corn fritters one of those rainy  
days, using this new egg preparation,  
and the entire household pronounced

them the best yet. The recipe I fol-  
lowed was this: To one can of corn  
add a cup of milk, one egg—for which

I substituted a teaspoonful of the egg  
powder dissolved in water—four  
enough to make a thin batter, and

one teaspoonful of baking powder.  
The fritters were as light as feathers,  
and, to further experiment in the ar-

tificial food business, we had maple  
syrup, made of granulated sugar and  
flavored with a teaspoonful of Mapo-  
an essence of maple sugar—which is

very good.  
The egg powder comes at 25 cents a  
box, which contains an amount equal

to twenty-four eggs—which puts the  
price of hen fruit on a very low level.

Keep Clean.

It is good economy to patronize the  
dry-cleaning establishment. Nothing  
freshens and makes new a cloth suit

so much as a visit to the cleaners. It  
comes home perfectly pressed and  
looking like new. The business

woman it is excellent economy to pay  
a dollar once in six weeks or so for  
months to have her wardrobe

skirt cleaned. Likewise, give the  
bootblack a chance at your shoes once  
a week. It costs but a nickel and it

adds a dollar's worth to your appear-  
ance. The secret of being well groomed  
is in attention to these little things.

If your skirt is frayed around the bot-  
tom have your tailor put a new braff  
on when he cleans it. By special ar-  
rangement you may be able to secure a

reduction in the regular rates of clean-  
ing if you regularly patronize the same  
establishment.

Gray Is Good.

All shades of gray are in high favor  
now, the most popular being the  
mole, elephant, London smoke and

taupe, which last has an undertone of  
dull green. Women of pale complexion  
should avoid this shade, however, un-  
less it is brightened with a touch of

some color that is particularly becom-  
ing to them. This taupe shade is ex-  
tremely popular. I noticed the other

day an entire window in one of our  
biggest department stores, dressed in  
this shade of gray. There were gloves,

ribbons, braids, sashes, silks, satins  
and broadcloths—all in taupe. Gray  
shawls, very soft, with deep, hand-emb-  
roidered hems, are fashionable for

matrons, and the gray squirrel skins  
play an important part in the fur fash-  
ions of the season.

## PASADENA.

### NEAR CENTURY. FRACTURES HIP.

OLD WOMAN VICTIM OF VERY PAINFUL ACCIDENT.

Tournament of Roses Officials Still Undecided Whether to Celebrate With a Banquet—Garry Says He Cannot Be President Again—Smart Luncheon.

Office of The Times, No. 25 S. Raymond Ave., Pasadena, Jan. 15.—As the result of a fall yesterday afternoon, Mrs. Mary Ladd Brown, 97 years old, mother of the District Deputy Grand Exalted Ruler of Elks, sustained a fractured hip which, on account of her great age, will never heal.

Whether to abandon the annual Tournament of Roses Association banquet or to have one before February 1, was the question debated by the directors last evening. The matter was left to a committee to be appointed by President Garry. Some favor abandoning the banquet as a needless drain upon the treasury, for there is no charge to members; others favor the substitution of some other function, and a third party, headed by Garry, announced that under no circumstances will he serve as president during another year, and it is expected some of the other officials will step down. Auditors were appointed to go over the accounts for the last tournament. The marathon race was also touched upon. President Garry said that Eugene Ectopoy, who got up the affair, really had no official backing from the association, but because he begged so hard was allowed to have the finish of his contest on the track. The association refuses to accept any financial responsibility for the event, and unless Ectopoy produces the money to pay for the cups and prizes there will be no awards.

### NOVELTY FOR TOURISTS.

Enthusiastic over Southern California in winter, a large party of Maryland guests returned on the hotel special last evening from a picnic at Long Beach. The members of the party had lunch at the Vineyard Hotel, and then took an ocean trip. They skipped the "Pike" bathed in the ocean, dived rope on the beach and enjoyed all manner of pleasant stunts. In the party were Messrs. and Mrs. E. A. Armstrong, George Munner and J. N. Huggins; Misses Haight, Walkley, Barnhart, Eastbrook, Linnard, McEwen, Smith and Porfirio; Misses Smith, Walkley, Green, Compton, Adams and Bowser; and George C. Newberry, George Wardman, M. D. Stambach, R. J. Barker, Jr., N. B. Durfee, Paul Smith and W. K. Hatfield.

### SMART LUNCHEON.

Mrs. Fred Elmer Wilcox of South Orange Grove avenue gave a luncheon at her home, "El Retiro," yesterday. Low bowls of Cecil Bruner roses and maidenhair ferns ornamented the center of the table and pink sweet peas carried out the color scheme of pink and green. Colonial candlesticks with pink shades and rose-colored glassware made a color symphony which was attractive. Covers were laid for Messrs. E. A. Ford, Henry W. Hays, Edwin D. Noy, Helen Belford, George Gerald Guyer, Benjamin Blossom, Lawrence Hurlbut, Frank O. Reed, W. B. Mowry, Walter Raymond, Frederick Gleson and Robert T. Vandervort.

Miss Marjorie Bolt of South Grand avenue was the hostess yesterday afternoon at a charming bridge party given in honor of Misses Roberta and Jean Griffith of Adrien O. The Misses Griffith are guests at Hotel Green. After the games tea was served in the dining-room, which was decorated with violets and ferns. Miss Alice Haines presided at the table. The prizes, which were handsome gift frames, were won by Mrs. James Macdonnell, Misses Evelyn Bonner and Julia Holmes. Those present were: Misses Clarence Austin, Jerome J. Foster, Thelma B. Marshall, W. B. Mowry, Misses E. B. Noy, John Vlascher, Elliot, Freeman Ford, J. S. Macdonnell, Misses Ethel Hinds, Sharpe, Mildred Cushing, Cornelia, Elizabeth Speer, Maud Daggett, Genevieve Stehman, Madeline Barnes, Irene Gosson, Evelyn Sommer, Edith Rosland, Julia Holmes, and Jerome.

### REASONABLE DOUBT.

The prosecution did not prove to the satisfaction of the jury that James Roddick of Sherman, whose trial for operating a "blind pig" commenced on Thursday, had sold a liquor in quantities of less than a fifth of a gallon, so he was acquitted last evening of the charge of selling liquor without a license.

### SON ACCUSES FATHER.

After charging the arrest of his father on a charge of threatening to kill him, Charles Henning changed his mind yesterday afternoon, with the consent of the District Attorney, the case against A. Henning was dismissed. The son said that his parent, while under the influence of liquor, threatened to kill him.

### WILD GOOSE CHASE.

Informed over the telephone that there had been a knife fight somewhere between Titillville and Lamanda Park to the east of Pasadena, Constable Austin and Police Sergeant McCoy departed for the scene of the alleged fight yesterday. After spending several hours in fruitless inquiry they returned. The telephone message was from a woman who said her son had been cut in the thigh. Something over a year ago a real fight took Dr. McCoy to that section and while he was binding up the wound of one of the sufferers the other participants in the battle took shot at him. This time the doctor went armed prepared to meet all comers, but found no occasion to draw his weapon.

### BAND CONCERTS.

The first of the series of park band concerts will be given this afternoon in Central Park by the European band, provided it does not rain. If it does the concert will be given on the lawn at the Hotel Green. The business men are backing the concert with their cash, and it is hoped that before another year has passed there will be a municipal band.

### OLD TIMERS TALK.

Early days will be brought back to the memory of Pasadena pioneers this evening at the Shakespeare Club, when the members of the Pioneers' Association will gather. Mrs. Helen A. Elliot, wife of the promoter of the original "Indiana Colony," which started the crown city, will tell of the city's inception. Mrs. Agnes Prindle will

## THIEF OR BENEFACTOR?

Robber Takes One Hundred Pennies and Leaves Good Umbrella.

RIVERA, Jan. 15.—If a thief leaves more than he takes, is he a thief? The people of this place are pondering over this today, in view of the robbery of the general store belonging to Charles E. Hughes.

The thief, who entered the store last night, using a heavy sledge hammer from a near-by blacksmith shop to break open a rear door, found 100 pennies to reward him for the risk he ran and the work he did. In return for the pennies he left Mr. Hughes an umbrella in excellent shape and worth twice the amount of money taken.

While he benefits by the exchange, Hughes insists on calling the intruder a burglar, and the general opinion coincides with his.

### MODEL SEWER FARM.

President Wheeler of the University of California has written to Mayor Rinaldi approving the project to place the general supervision of the Pasadena sewer farm under the direction of the State Agricultural station of Southern California. Superintendent McGrew will, of course, be in charge but he will be assisted by scientific suggestions from the agricultural scientists of the state, who will make of the farm a model institution.

### PASADENA NEWS NOTES.

The city Council in special session yesterday decided to rebate 50% of the taxes due from the Pasadena Hotel. City Attorney Wood said this course could not be legally taken, but the Council decided to rebate 50% to take a chance. The resolution announcing the intention of the city to call a bond election for February 1 for the municipal electric light plant was also read the first time.

### Guests of the Hotel Maryland.

Guests of the Hotel Maryland last evening enjoyed a talk on Spain by Mr. G. Adams Fisher, sister of Dr. Adams of Los Angeles. Ensign Schwoeder of the Salvation Army announced yesterday that he and his wife will give up command next Wednesday, when they will go to Trinidad, Colo., for Mrs. Schwoeder's health. Capt. Ayres of Riverside will succeed to the command here.

### Officers of the Humane Society.

Officers of the Humane Society are looking for the party who shot a valuable setter dog belonging to D. E. Harshbarger, No. 228 Huntington. The animal was found dying a block from his owner's home.

### GLENDALE.

GLENDALE, Jan. 15.—The City Attorney has been instructed to draw up an amendment to the ordinance prohibiting poolrooms after July 1, 1939. The City Clerk will issue, monthly, a list of the names of the operators of the only poolroom in town, which has been closed. The amendment has been ordered to be conducted in the most orderly manner. Three of the operators think the place should be closed.

### Adams street is to be widened to sixty feet from First street to the south city line.

Street Superintendent Snellich has authorized to grant permits for planting shade trees on streets where the official tree has not been designated.

### The amount on the delinquent tax list today is barely \$300, very much less than at this time last year.

Collector Doyle says it is largely due to carelessness that the small amount remains. The list is to be published Saturday.

### The evangelical meetings at the Baptist Church are largely attended.

Fire has destroyed a small bungalow on the corner of Kenwood and First streets.

### Most for the money at Coronado.

### VISITING RAILROAD MAN.

General Manager Mudge of the Rock Island Railroad and his family are spending a few days at the home of Mrs. Mudge's father, Capt. Morris. The visitors came by private car. J. T. Cutler, former of the California Portland Cement Company has taken a two months' leave of absence and gone to Dublin, Ireland, Mexico, to inspect some rock deposits for the Mexican government. The republic is anxious to establish a cement plant at that point if the rock justifies the investment.

### EASTERN STARS.

At the meeting of the Eastern Stars last evening, Past Worthy Patron Wilkerson installed these officers: Worthy Matron, Mrs. W. C. Hebbard; Worthy Patron, Mrs. George M. Green; Conductress, Mrs. V. G. Crawford; Assistant Conductress, Mrs. A. H. Griswold; Treasurer, Mrs. J. B. Hanna; Ada May, Secretary; Mrs. L. L. Roberts, Reporter; Esther, Miss Lulu M. Frazer; Martha, Mrs. Robert Davidson; Electa, Mrs. D. L. Emery; Chaplain, Mrs. C. D. Wilson; and Quill Guard, Mrs. A. H. Griswold. Organist, Miss Della Andrews. After the installation an elaborate banquet was served.

### SERIOUSLY INJURED.

William Hake was seriously injured last night at the California Portland Cement Company's plant. While working in the finishing mill he was struck by a moving roller in machinery which, before it could be stopped, drew the whole leg in, mangled it terribly. An ambulance hurried to the scene, and the injured man rushed to Dr. R. Howe's operating room, where the leg was amputated. Hake was married recently to Miss Mary Smith of this city.

### SELLS HER HOME.

Mrs. W. F. Cropley has sold to Raymond Johnston her place on Pennsylvania avenue, between B and C streets. No consideration has been made public.

### HOLD CONVENTION.

The County Woman's Christian Temperance Union held a convention at the Presbyterian Church. Among the out-of-town people on the programme were Mrs. Stiles of San Bernardino, Mrs. Reid of Cucamonga and Mrs. Irvine of Riverside.

### The Rebekahs held their annual installation of officers at Society Hall.

The work was followed by a banquet. The Rebekahs of the city held their annual meeting at the home of Mrs. W. B. Southworth of Tupper Lake, N. Y. The guests of honor were Mrs. W. B. Southworth and her home of Mrs. H. E. Murkett.

### A Hammer, C. H. Reynolds and R. F. McPherson of Los Angeles were guests at the Anderson yesterday.

Mrs. E. J. Daniels of Berkeley was a Colton visitor yesterday.

### SAN PEDRO.

SAN PEDRO, Jan. 15.—The Executive Committee of the Chamber of Commerce this afternoon adopted a resolution, as follows, concerning consolidation: "Whereas, a bill involving the proposed consolidation of Los Angeles and various cities around San Pedro Bay is now before the Legislature; and Whereas, the Chamber of Commerce of San Pedro favors the enactment of legislation permitting cities of the fifth and sixth class to consolidate with cities having a freeholders' charter, providing such measure shall require a two-thirds vote of the community affected."

### Mrs. Elizabeth O. Saxton, aged 54 years, wife of Warren Saxton, died at the residence of Sunday-school, H. C. Harris, treasurer and Miss Fay Haynes, clerk.

### The Treasurer's report showed the church to be free of debt. From 1931 to 1938 the church was without a regular pastor, and the membership declined to six. During the year's incumbency of Rev. Ansel E. Johnson there has been an accession of over fifty members.

### MASONIC TROWEL ARRIVES.

The famous silver Masonic trowel that three years ago was started on its travels around the world reached here last night. J. W. Harvey, worshipful master of Monrovia lodge welcomed it. Victims in Many Cities and Warrants Issued.

### TEMPERANCE PLAN TO REOPEN HOTEL VIRGINIA.

LONG BEACH, Jan. 15.—Where's Jan Madison? Thus ask at least five widows. They say Jan has obtained money from them. A short time ago local officials received inquiries from a Kansas woman who says she got cash from her under a promise of marriage. Now comes the following story from St. Louis:

"Among Madison's alleged victims here are Mrs. Elizabeth M. E. Jackson, a wealthy Iowa, Kan., widow, who charges him with obtaining \$1000 from her under promise of marriage; Mrs. Katherine Baughman, who seeks to recover \$1000; Minnie Allen, \$450, and Mrs. Alice Richards, \$200.

Mrs. Jackson says she wrote to her from Lexington, Ky.; Kalamazoo, Mich.; Long Beach, Cal., and Chicago. He is believed to have swindled women in all the towns named.

Mrs. Richards says he married a woman at Lafayette, Ind., whom she knows as Mrs. Anna M. Gurney, on February 1, 1935, and who got a divorce, alleging he deserted her the day after their marriage; that he told her he had many names, but that he really is T. B. P. Milburn of Rockland county, Ky.

"Mrs. Allen says Madison claimed a winter home at Long Beach, and that the Recorder of Deeds of that city, replying to inquiries, wrote that a Madison owned property there worth \$1000, but he didn't know his whereabouts. Madison claimed to be a horse buyer for the British government and a fruit grower. He is six feet tall, slender, smooth shaven, assuming, about 50 years old and has a foreign accent. He made St. Louis his headquarters until a warrant issued here for his arrest, last September.

Research is being made for him in Kansas City, where he failed to keep his appointment to marry Mrs. Jackson, last Christmas, after getting her money."

### LIBRARY FLOORS TESTED.

Final tests of the reinforced concrete floors of the Carnegie Library are in progress, and so far entirely satisfactory. The specifications state that the floor shall hold up a weight equal to 150 pounds a square foot. Last night a weight of 250 pounds to the square foot was placed on the floor. The tests were made by the California Portland Cement Company.

### At the annual meeting of the Long Beach Medical Society, last night, Dr. J. W. Wood was elected president; Dr. W. H. Newman, vice-president; Dr. J. T. Cutler, secretary; Dr. J. W. Wood, treasurer, and Dr. E. M. Freeman, delegate to the State meeting at San Jose. A banquet followed the business session.

### MAY REOPEN HOTEL VIRGINIA.

At a meeting today of the directors of the Seaside Investment Company, owners of the Hotel Virginia, Messrs. C. J. Walker, Stephen Townsend and C. H. Windham, representing the prohibitionists, made a proposition looking to the reopening of the hotel. They are ready to assume the management of the hotel, and to make the hotel a running expenses and share the profits, if any, with the men who have invested in it. They desire a lease of ten years, but will agree to one for five years. The hotel will be run as a first-class one, and advertised as a first-class one. The hotel will be run as a first-class one, and advertised as a first-class one.

### Starting out in a rowboat, yesterday afternoon, to catch a jewfish, Walter Van Orman and Pablo Dulcero left their beach in a heavy rain, and drifted about until last night, when the launch Neille found them five miles out.

### MUST PAY SOON.

Only eight days remain of the month's extension granted by Council for the payment of city taxes without penalty, and there is about \$48,000 unpaid. If this, however, is due from corporations and large property owners, who will settle at the last moment, Collector Malcom estimates that the delinquency will be less than \$10,000.

### Mrs. T. C. Murphy of Luddington, Mich., died last Tuesday morning. She was 83 years of age. The body will be sent East for burial.

### At a meeting of the Board of Education this morning it was decided to send Superintendent of Schools Ray to Sacramento to use all the means in his power to further the passage of the Anti-Vaccination Bill now before the Legislature. He left tonight for the North.

### Word was received here today of the drowning in the ocean at Cambria, San Luis Obispo county, of J. G. Welch, son of Mrs. and Mr. J. G. Welch of this city. The body has been recovered.

### Warm and sunny at Coronado.

### PASTOR RE-ELECTED.

Raisa Fails to Keep Congregation Away from Monrovia Church—Masonic Trowel Arrives.

MONROVIA, Jan. 15.—Nearly all the members of the First Congregational Church attended the annual banquet, and meeting last night, despite the weather. After the banquet the election of officers was held. Rev. Ansel E. Johnson was elected pastor, Dr. J. W. La Force, deacon emeritus; Hardy C. Harris and J. C. Halsey, deacons; Dr. C. E. Winslow, trustee and superintendent of Sunday-school; H. C. Harris, treasurer and Miss Fay Haynes, clerk.

### The Treasurer's report showed the church to be free of debt. From 1931 to 1938 the church was without a regular pastor, and the membership declined to six. During the year's incumbency of Rev. Ansel E. Johnson there has been an accession of over fifty members.
